

## Configure Zoiper for iPhone with Calncall SIP Accounts

Below are the steps to configure SIP account

If you don't have one you can buy it from our website [www.calncall.com](http://www.calncall.com) and buy it.

Follow these steps to set up your iPhone and MAC with Calncall SIP Account easily:

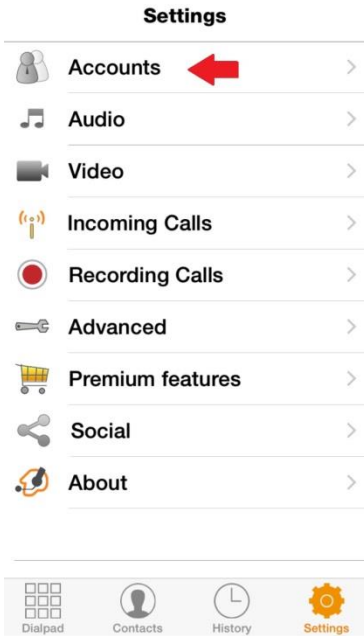

1. Go to the → **App Store** and search for "ZOIPER"

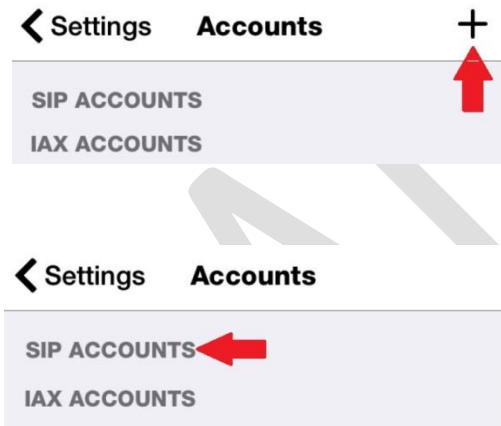

2. Download the app (allow it to send you push notifications if you like to receive incoming calls)

3. Open the app and go to → **Settings** → **Accounts**

4. Click on "+" on the top right corner and Select "**SIP Account**"

5. Enter the following information and tap "Register"

- **Account name:** Your Name or Company name
- **Domain:** siptrunk.calncall.com
- **User name:** SIP Username Calncall team provide (e.g. XXXXXXXX)
- **Password:** SIP Password Calncall team provide

Accounts **SIP Account** 

**Register** 

SIP OPTIONS

Account name: calncall 

Domain: siptrunk.calnca.. 

User name: 63401003 

Password: ..... 

Caller ID: 63401003 

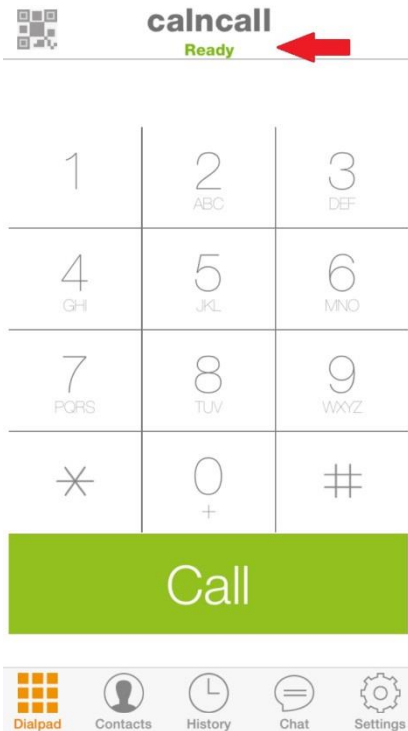

ADVANCED SETTINGS

Auth Username: [auth username]

Use Outbound Proxy:

Outbound Proxy: [outbound proxy]

6. Once you REGISTER you can see REGISTER On Top

\*\*To make outgoing calls, follow this standard:

**For Overseas:**

00+ <country code> + <area code> + <destination>. For example, if you are calling a China number XXXXXXXX, China code is 86 so key in: 0086XXXXXXXX and call.

**For Singapore:**

<country code> + <area code> + <destination>. For example, if you are calling a Singapore number XXXXXXXX, key in: 65XXXXXXXX
